The Undergraduate Minor in Public Policy

All UCB undergraduate students are eligible for enrollment in the Public Policy minor. However, it is necessary to complete the accompanying form and return it to the School as early in your academic career as possible, or, at the latest, shortly before your final semester begins.

Please note: Early declaration of the minor does not obligate you to the program should it become unfeasible later in your academic pursuits.

Outlined below are the requirements for the minor and a listing of courses, with their current numbers, that may be taken as part of this program.

1. The minor will consist of five undergraduate courses in public policy. PP1, PP6 and PP24 do not count toward the minor. NOTE: Students may enroll in graduate level Public Policy electives, with the permission of the instructor, in order to complete their minor requirements. Please obtain an instructor consent form from the GSPP Student Affairs Officer, Jalilah LaBrie, 642-1940 jalilah@berkeley.edu.
2. All five courses must be taken through the Goldman School of Public Policy except as noted on the attached course list.
3. PP101 is required, but is not a prerequisite, for the other courses.
4. All courses must be taken for a letter grade. However, there may be an exceptional case for students wishing to take PP199 (Independent Study) on a P/NP basis. Students should consult with the GSPP Student Affairs Officer, Jalilah LaBrie, 642-1940, before making arrangements to take this course.
5. Students must achieve a grade of at least "C" in each of the five courses to satisfy the minor requirement. Any course in which a grade of D or less is earned will not count toward completion of the minor.
6. Students may count an unlimited number of PP 190 courses (Special Topics in Public Policy) towards the minor provided that the topic is not repeated. Each PP 190 course must be a minimum of 3 units.
7. Two, 2-unit PP 198 (DeCal) courses may count as **one** course towards the minor.
8. Students may notify the Student Affairs Officer, Jalilah LaBrie, at the Goldman School of Public Policy, of their intent to minor in Public Policy by turning in the *Declaration of Intent to Pursue the Minor in Public Policy* form. When the student completes the requirements, the Office of Admissions and Records will be notified and the Minor will be included on the student's transcript.
9. No more than two courses can be taken in departments outside of the Goldman School of Public Policy.

Public Policy Courses
